Subject:	Comparing living and nonliving things [4]

Ernie's MAIL

Hello – time for a science project!

I want to see what you know about living and nonliving things. Draw a garden. Label the things in the garden that are living or nonliving. For each thing, also say which sense you can use to find out more about it…

Best of luck to you!

Ernie Einstein

Now write an email back to Ernie. Try to answer his questions!
